businesses transition to low-carbon operations and covers footprints, reporting, certificates, carbon
solutions and net-zero Net-zero is a term meaning to get to zero emissions, there is no current standard
on what getting to net-zero means. For governments a net-zero target is one that covers all scope 1
emissions in their jurisdiction. For business it usually covers scope 1 and 2 emissions, although some
companies also include some scope 3 emissions. The Science Based Targets Initiative is currently
working on a standard for companies. roadmaps, to reduce emissions moREnewable100 (RECs &

businesses accelerate technology adoption, improve project ROI, and manage claims of renewable energy, energy efficiency and carbon offset 1 carbon offset = 1 tonne of CO₂-e avoided or removed from the atmosphere. Avoided emissions covers activities that alter behaviour that would have otherwise caused emissions such as energy efficiency improvements or avoided deforestation. Removal covers activities that permanently remove CO₂ from the atmosphere such as new forestry plantations, soil carbon improvement or carbon capture and storage.

[Northmore Gordon](#) Learn more about Northmore Gordon with the latest news and insights, were to find us, and the extensive terminology used in emissions reductions [About Us](#) Who we are & what we do in energy efficiency & decarbonization. [Locations](#) Find our offices near you. [Contact Us](#) Get in touch with our team. [Careers](#) Join our team making a sustainability difference [Articles](#) Learn about energy efficiency & carbon reduction. [Latest News](#) Stay informed on industry developments. [Government Updates](#) Track policy changes impacting your energy use. [Accreditations](#) See our certifications for trusted service. [Glossary](#) Define key terms in emissions reduction. [Virtual Energy Manager](#) Maintaining best practice in energy management is very difficult. Our Virtual Energy Manager (VEM) service is a partnership program designed to help you achieve best practice while saving you time and money. We provide you with access to the skills of an experienced energy management team without the associated costs. We assist you and your management teams to set and achieve energy productivity goals, comply with energy or greenhouse gas regulations, and create and implement a program of works. We guarantee quick wins within three months, and share the risk and rewards over the life of the program. [Contact Us](#) [What's Included](#) Virtual Energy Manager customers benefit from Northmore Gordon's specialist consultancy services for a fixed annual fee including the following as standard:
[Weekly Calls](#) Regular schedule [Accountability](#) Motivation [Technical Support](#) 5 hours per month per site [access to phone support](#) from any member of the Northmore Gordon team [Any topic](#) [Any time](#) 48 hours [turnaround](#) [Routine Visits](#) Regular schedule [In-person](#), 1 day per month per site [Gather data](#) [Discuss opportunities with teams](#) [Attend meetings as required](#) [Executive Support](#) [Monthly progress report](#) [Attend meetings as required](#) [Monthly improvement score per site](#) Last Updated: 04/05/23 [Get in touch](#)
